

RISHIKA ANAND

DATA SCIENCE ENTHUSIAST | EXPLORING GEN AI APPLICATIONS | TURNING DATA INTO ACTIONABLE INSIGHTS

+91 7676452184 Bengaluru, Karnataka rishikaanand005@gmail.com rishika-anand1108 rishika118

PROFILE

Computer Science (Data Science) student skilled in Python, Java, SQL, JavaScript, and modern development tools. Experienced in building data-driven applications, web systems, and visualization dashboards through academic projects. Strong problem-solving ability with leadership experience in campus initiatives and a keen interest in data science, AI, and software development. Certified in Oracle Cloud Infrastructure-Gen AI, with additional exposure to Google BigQuery ML and SAP Analytics Cloud for machine learning and data analytics.

EDUCATION

- New Horizon College of Engineering, Bengaluru** 2023-2027
Bachelor of Engineering in CSE-Data Science
CGPA - 9.18
Activities: HealthXcel Club-Review Committee Chair
Event Coordinator - ISTE
Placement Drive Coordinator-CDC
- Air Force School, ASTE, Bengaluru** 2009-2023
Jr.Kg - Grade XII
Activities : Member of Student Council

WORK EXPERIENCE

- Database Entry Intern** Aug 2025-Sep 2025
LuxUnlock Private Villas
Assisted in data entry and maintenance of company database.
- Web Development Intern** Feb 2025-March 2025
CodSoft
Developed responsive web projects including a personal portfolio website and a modern landing page using HTML,CSS and Javascript. Gained hands on experience in front-end design & user interaction.
- Python Development Intern** Aug 2024-Sept 2024
OctaNet Services Pvt Ltd.
Developed a Python-based ATM simulation with functionalities like balance inquiry, withdrawals, deposits, PIN change, and transaction history, strengthening logic building & backend skills.

PROJECTS

- UniLift – Smart Campus Carpool App**
Developed a ride-sharing mobile application for university students to enable efficient carpooling. Built real-time ride matching and booking features using React Native, Node.js, Express.js, and MongoDB. Implemented an intelligent route-matching algorithm and secure authentication using JWT.
- Hand2Hope – Charity Donation Management Platform**
Developed a web platform connecting donors with charities to manage and track donation requests. Implemented user authentication, request approval/rejection, and donation tracking. Built using HTML, CSS, PHP, and MySQL with focus on secure backend and user-friendly interface .
- Social Media Engagement Dataset – Visualization**
Built interactive dashboards in Tableau to analyze social media engagement metrics. Visualized trends in likes, comments, shares, and post frequency across platforms. Derived insights to support data-driven digital marketing decisions
- Zomato Dataset – Data Cleaning & Visualization**
Performed data cleaning and preprocessing on a real-world Zomato dataset using Python (Pandas, NumPy). Created visualizations with Matplotlib and Seaborn to analyze restaurant ratings, cuisines, and pricing trends. Extracted insights on city-wise preferences and customer behavior

SKILLS

Technical Skills

- **Programming Languages** : Python, Java, C, JavaScript, SQL
- **Web Technologies** : HTML, CSS, PHP, JavaScript
- **Data & AI** : Data Preprocessing, Data Analysis, Data Visualization, Machine Learning, Generative AI
- **Tools & Platforms** : Git, GitHub, Jupyter Notebook, Tableau, MongoDB, VS Code, Eclipse IDE, VMware
- **Core Concepts** : Operating Systems, Database Management Systems, Internet of Things (IoT)

Soft Skills

- *Leadership, Teamwork, Communication, Networking, Coordination, Problem Solving, Time Management, Adaptability*

CERTIFICATIONS

- **SAP** - Exploring SAP Analytics Cloud
- **Infosys** - Generative AI Landscape
- **Google** - Create ML Models with BigQuery ML
- **Oracle** - Oracle Cloud Infrastructure 2025 certified GEN AI Professional
- **Accenture North America** - Data Analytics & Visualization Job Simulation
- **BCG X** - Data Science Job Simulation
- **NPTEL** - Internet Of Things

ACHIEVEMENTS

- **JP Morgan Chase & Co** - Code For Good 2025 Finalist
- Participated in **Smart India Hackathon (SIH)** 2025 – Internal Hackathon at NHCE
- Participated in **DataQuest at IMPETUS 25.0**, a national-level technical event organized by IEEE UVCE
- Qualified for the City Finals of **Times NIE National Aptitude Challenge** – 2019
- Secured Gold Medal in **International English Olympiad** organized by SOF
